**Terms of Reference:** representation from all Colleges via nominations.

**Term:** Each Subcommittee member shall be appointed for a term of three years and shall be eligible for re-appointment. The Chairperson shall continue beyond their term on CPMC to ensure continuity.

**Functions:** The Subcommittee will act as an advisory body to CPMC with the objective of -

- fostering the sharing of educational systems and resources between the Member Colleges;
- co-operating with other established educational bodies to enhance under-graduate and post-graduate training; and continuing education and quality assurance procedures of Member Colleges; and
- developing educational modules/courses and activities of mutual benefit to Member Colleges.

**Current Issues**

Postgraduate training programs, entry into training, examinations, quality assurance, accreditation of specialist medical training sites, support for trainees and regulation.
